

ICOM UK and Heritage Without Borders Travel Grant Scheme 2017-18

ABOUT THE SCHEME

ICOM UK, with support from Heritage Without Borders (HWB), is offering a number of travel grants to support staff from regional and local UK museums (non-national museums) to travel to Europe and greater Europe to develop mutually beneficial projects and partnerships.

The ICOM UK – HWB Travel Grant Scheme will enable recipients to undertake an international visit to museums to meet with international colleagues and mutually share skills, expertise and experience. The Travel Grant Scheme aims to support museums who are starting to develop mutually beneficial international projects and partnerships in Europe and greater Europe. Priority will be given to museums whose staff have not previously undertaken international work.

The total budget available for the Travel Grant Scheme in 2017-18 is £7,200. Applications will be considered for grants of up to £700 per organisation or consortium.

Please note that applicants will need to make their own travel, insurance and visa arrangements. ICOM UK or the British council can supply a supporting letter where visa regulations require it.

The ICOM Travel Grant Scheme is open to non-national museums across the UK (England, Wales, Scotland, Northern Ireland), including non-ICOM UK members. Applicants can apply for a maximum of £700 to fund an international visit in 2017. One person from each organisation or consortium will be eligible for funding per application, unless the applicant clearly demonstrates the need for more than one person to travel due to security needs or other extenuating circumstances.

The purpose of the visit must clearly demonstrate the mutual benefits and impact for all of the parties involved. The grant will cover the cost of travel, including international and local transport, visas, accommodation and subsistence.

The grant will not cover the cost of attending an international conference or meeting, nor will it cover the cost of travel associated with an established project or partnership under which travel costs have already been agreed. The grant will not cover overhead costs (including backfill costs), general running costs, professional fees or production costs such as the purchase or hire of materials, equipment, venues, goods and/or services. ICOM UK cannot consider retrospective applications.

If awarded, 75% of the grant will be paid on receipt of a detailed travel itinerary and invoice in advance of travel. 25% of the costs will be paid on receipt of the visit report and images, to be received no later than one month after the end of the visit.

2017 applicants will be required to complete their visit and submit their final report by Monday 4 December 2017.

Failure to submit the required paperwork by the given deadline may result in a delay or non-payment of the final instalment of the grant.
