2. Current situation

[COVID-19 Response: Autumn and Winter Plan 2021: updated 09/11](#)

[Prime Minister sets out autumn and winter Covid plan: 14/09](#)

[PM opening statement at COVID-19 press conference: 15/11](#)

- The government published the 'COVID-19 Response: Autumn and Winter Plan' for England: Plan A details the preferred approach, and Plan B the contingency measures.

Plan A – a comprehensive approach designed to steer the country through autumn and winter

- The Government will aim to sustain the progress made and prepare the country for future challenges, while ensuring the NHS does not come under unsustainable pressure.

Plan B - contingency measures

- If the data suggests the NHS is likely to come under unsustainable pressure, the Government's Plan B prioritises measures which can help control transmission of the virus while seeking to minimise economic and social impacts. This includes:
 - Communicating the increased risk level, and the need to behave more cautiously.
 - Introducing mandatory vaccine-only covid-status certification in certain settings.
 - Legally mandating face coverings in certain settings.
- They would also consider asking people to work from home if they can, for a limited period.

[Proposal for mandatory COVID certification in a Plan B scenario: 27/09](#)

- Vaccine certification could form part of a Plan B, however, final decisions on the policy have not been made. This provides more detail about the proposed certification regime.
- Mandatory vaccine-only certification would be introduced for visitors to these venues:
 - All nightclubs;
 - Indoor, crowded settings with 500 or more attendees where they're in close proximity to people from other households, e.g. music venues, large receptions;
 - Outdoor, crowded settings with 4,000 or more attendees where they are likely to be in close proximity to people from other households, such as outdoor festivals; and
 - Any settings with 10,000 or more attendees, such as large sports and music stadia.
- Day-to-day activities in certain venues would not be captured: certification requirements would only apply if hosting events exhibiting the criteria that require certification. For example, a museum would not be in scope unless hosting an event such as a reception, ball or performance in which 500 or more attendees were standing or moving around.

[Coronavirus: how to stay safe and help prevent the spread: updated 17/11](#)

[Face coverings: updated 28/10](#)

- The legal requirement to wear a face covering has been lifted in all settings in England.
- Face coverings are still required in Scotland, Wales and Northern Ireland.
- The government expects and recommends that people wear face coverings in crowded and enclosed spaces where they come into contact with people they don't normally meet.
- Businesses can ask their employees and visitors to wear face coverings.

[Test and Trace no longer a legal requirement](#)

- Although no longer a legal requirement in England, businesses are encouraged to display QR codes for visitors to check in using the NHS COVID app, to support Test and Trace.

Certification

- The [NHS COVID Pass](#) on the NHS app demonstrates a person's covid-status.
